THE OFFICE OF THE ACADEMIC REGISTRAR

12th June 2024

All Students

Makerere University

Re: Blocking of Results View on the Academic Management Information System (ACMIS).

The University has enabled the blocking of results view on the Academic Management Information System (ACMIS) for students;

1. Who did not enroll and register on ACMIS.
2. Who enrolled and cleared all their fees balances to zero but did not register their semester course units.
3. With any outstanding fees balances.
4. Who enrolled, registered and cleared all their fees balances to zero but have their results uploaded to wrong academic years.

The above (1,2,3) measures, have been taken to ensure that all legitimate students of Makerere University adhere to the university's guidelines for enrollment, registration and fees payment.

Measure (4) will enable results clean-up by the Academic Registrar's department and is temporary. Once the results clean-up is completed, students under this category will be able to view their results on ACMIS.

This is therefore, to request all students who are unable to view their results due to outstanding fees balances to follow through with clearing any outstanding fees balances to zero in order to view their results.

If you cleared all your fees to zero balance but are still unable to view your results, it means you did not enroll or register course-units for that particular semester.

Going forward, all students will only view results if they satisfy the conditions below;

1. Enrolled for the semester on ACMIS.
2. Registered course units for the semester on ACMIS.
3. Cleared fees balances to zero.

Yours Sincerely,

12 JUN 2024

Prof. Buyinza Mukadasi
Academic Registrar
Makerere University

Cc: Vice Chancellor
Deputy Vice-Chancellor, Academic Affairs
Deputy Vice-Chancellor, Finance and Administration
University Secretary
University Bursar
Dean of Students
Director, DICTS
